UToledo announces changes to fall academic calendar
Year in Books 2017
| *Books 11-15*

From Pong to Madden NFL to Wii Fit, *Sports Videogames* argues for the multiple ways that sports videogames—alongside televised and physical sports—impact one another, and how players and viewers make sense of these multiple forms of play and information in their daily lives. Through case studies, ethnographic explorations, interviews and surveys, and by analyzing games, players, and the sports media industry, contributors from a wide variety of disciplines demonstrate the depth and complexity of games that were once considered simply sports simulations. Contributors also tackle key topics including the rise of online play and its implications for access to games, as well as how regulations surrounding player likenesses present challenges to the industry. Whether you're a scholar or a gamer, *Sports Videogames* offers a grounded, theory-building approach to how millions make sense of videogames today.

The story of the creation of Britain's national game has often been told. According to the accepted wisdom, the refined football games

created by English public schools in the 1860s subsequently became the sports of the masses. *Football, The First Hundred Years*, provides a revisionist history of the game, challenging previously widely-accepted beliefs. Harvey argues that established football history does not correspond with the facts. Football, as played by the 'masses' prior to the adoption of the public school codes is almost always portrayed as wild and barbaric. This view may require considerable modification in the light of Harvey's research. *Football's First One Hundred Years* provides a very detailed picture of the football played outside the confines of the public schools, revealing a culture that was every bit as sophisticated and influential as that found within their prestigious walls. *Football, The First Hundred Years* sets forth a completely revisionist thesis, offering a different perspective on almost every aspect of the established history of the formative years of the game. The book will be of great interest to sports historians and football enthusiasts alike.

Ricanstruction: Reminiscing & Rebuilding Puerto Rico is an anthology featuring contributions from writers and artists from the comic book industry like Gail Simone, Greg Pak, Reginald Hudlin, Denys Cowan, Tony Daniel, Ken Lashley, Bill Sienkiewicz, Yanick Paquette, Gabby

Rivera, Will Rosado, Jorge Jimenez, Mike Allred, Chris Sotomayor, to Puerto Rican and Latinx celebrities like Rosario Dawson, Rubén Blades, Javier Muñoz, Sonia Manzano and over 100 more. Produced and also featuring stories written by Edgardo Miranda-Rodriguez, this anthology teams up his original character LA BORINQUEÑA with some of DC Comics most iconic heroes of all time: Wonder Woman, Batman, Superman, Aquaman, Flash, Harley Quinn and many others. Original stories also take us to the past to explore the beautiful history of PUERTO RICO as well as tales that envision a stronger and rebuilt island. 100% of the proceeds from this anthology will go to the continued work to help over 3 million Americans living in Puerto Rico, providing solar-powered lamps, food, clothing and so much more. These short stories remind us all that the true power of being a hero is inside each of us. When we come together as a united people, we will never be defeated! ¡El pueblo unido jamas sera vencido!
