Toland has written numerous books on World War II, including *Infamy: Pearl Harbor and Its Aftermath*. Carlo D'Este is the author of *Patton: A Genius for War* and other works.

A dramatic countdown of the final months of World War II in Europe, *The Last 100 Days* brings to life the waning power and the ultimate submission of the Third Reich. To reconstruct the tumultuous hundred days between Yalta and the fall of Berlin, John Toland traveled more than 100,000 miles in twenty-one countries and interviewed more than six hundred people—from Hitler's personal chauffeur to Generals von Manteuffel, Wenck, and Heinrici; from underground leaders to diplomats; from top Allied field commanders to brave young GIs. Toland adeptly weaves together these interviews using research from thousands of primary sources. When it was first published, *The Last 100 Days* made history, revealing after-action reports, staff journals, and top-secret messages and personal documents previously unavailable to historians. Since that time, it has come to be regarded as one of the greatest historical narratives of the twentieth century.

"In these pages participants on both sides, from enlisted men to generals and prime ministers to monarchs, vividly recount the battles, sensational events, and behind-the-scenes strategies that shaped the climactic, terrifying year. It's all here - the horrific futility of going over the top into a hail of bullets in no man's land; the enigmatic death of the legendary German ace, the Red Baron; Operation Michael, a punishing German attack in the spring; the Americans' long-awaited arrival in June; the murder of Russian Czar Nicholas II and his family, the growing fear of a communist menace in the east; and the armistice on November 11.

Investigates the military, political, and historical ramifications of the bombing of Pearl Harbor, examining the unpreparedness of the United States, the cover-up following the disaster, and other important aspects of the attack and its effects

Of American and German parentage, Ernst Hanfstaengl graduated from Harvard and ran the family business in New York for a dozen years before returning to Germany in 1921. By chance he heard a then little-known Adolf Hitler speaking in a Munich beer hall and, mesmerized by his extraordinary oratorical power, was convinced the man would some day come to power. As Hitler ' s fanatical theories and ideas hardened, however, he surrounded himself with rabid extremists such as Goering, Hess, and Goebbels, and Hanfstaengl became estranged from him. But with the Nazi ' s major unexpected political triumph in 1930, Hitler became a national figure, and he invited Hanfstaengl to be his foreign press secretary. It is from this unique insider ' s position that the author provides a vivid, intimate view of Hitler—with his neuroses, repressions, and growing megalomania—over the next several years. In 1937, four years after Hitler came to power, relations between Hanfstaengl and the Nazis had deteriorated to such a degree that he was forced to flee for his life, escaping to Switzerland. Here is a portrait of Hitler as you ' ve rarely seen him.

Pulitzer Prize-winning historian John Toland ' s classic, definitive biography of Adolf Hitler remains the most thorough, readable, accessible, and, as much as possible, objective account of the life of a man whose evil affect on the world in the twentieth century will always be felt. Toland ' s research provided one of the final opportunities for a historian to conduct personal interviews with over two hundred individuals intimately associated with Hitler. At a certain distance yet still with access to many of the people who enabled and who opposed the führer and his Third Reich, Toland strove to treat this life as if Hitler lived and died a hundred years before instead of within his own memory. From childhood and obscurity to his desperate end, Adolf Hitler emerges , in Toland ' s words, "far more complex and contradictory . . . obsessed by his dream of cleansing Europe Jews . . . a hybrid of Prometheus and Lucifer."
