occupied with looking pretty. Lilly is at her wits' end - until a chance encounter with a dark, dangerous and powerful stranger changes her life forever... Enter the world of Mr Rikkard Ambrose, where the only rule is: Knowledge is power is time is money Winner of the People's Choice Award 2015

A How-To Guide for Conducting Common Fisheries-Related Analyses in R Introductory Fisheries Analyses with R provides detailed instructions on performing basic fisheries stock assessment analyses in the R environment. Accessible to practicing fisheries scientists as well as advanced undergraduate and graduate students, the book demonstrates the flexibility and power of R, offers insight into the reproducibility of script-based analyses, and shows how the use of R leads to more efficient and productive work in fisheries science. The first three chapters present a minimal introduction to the R environment that builds a foundation for the fisheries-specific analyses in the remainder of the book. These chapters help you become familiar with R for basic fisheries analyses and graphics. Subsequent chapters focus on methods to analyze age comparisons, age-length keys, size structure, weight-length relationships, condition, abundance (from capture-recapture and depletion data), mortality rates, individual growth, and the stock-recruit relationship. The fundamental statistical methods of linear regression, analysis of variance (ANOVA), and nonlinear regression are demonstrated within the contexts of these common fisheries analyses. For each analysis, the author completely explains the R functions and provides sufficient background information so that you can confidently implement each method. Web Resource The author's website at <http://derekogle.com/IFAR/> includes the data files and R code for each chapter, enabling you to reproduce the results in the book as well as create your own scripts. The site also offers supplemental code for more advanced analyses and practice exercises for every chapter.

The first collection of Annette Michelson's influential writings on film, with essays on work by Marcel Duchamp, Maya Deren, Hollis Frampton, Martha Rosler, and others. The celebrated critic and film scholar Annette Michelson saw the avant-garde filmmakers of the 1950s and 1960s as radically redefining and extending the Modernist tradition of painting and sculpture, and in essays that were as engaging as they were influential and as lucid as they were learned, she set out to demonstrate the importance of the underappreciated medium of film. On the Eve of the Future collects more than thirty years' worth of those essays, focusing on her most relevant engagements with avant-garde production in experimental cinema, particularly with the movement known as American Independent Cinema. This volume includes the first critical essay on Marcel Duchamp's film Anemic Cinema, the first investigation into Joseph Cornell's filmic practices, and the first major explorations of Michael Snow. It offers an important essay on Maya Deren, whose work was central to that era of renewal and reinvention, seminal critiques of Stan Brakhage, Hollis

Frampton, and Harry Smith, and overviews of Independent Cinema. Gathered here for the first time, these texts demonstrate Michelson's pervasive influence as a writer and thinker and her role in the establishment of cinema studies as an academic field. The postwar generation of Independents worked to develop radically new terms, techniques, and strategies of production and distribution. Michelson shows that the fresh new forms they created from the legacy of Modernism became the basis of new forms of spectatorship and cinematic pleasure.

On the great influence of a valiant lord: "The companions, who see that good warriors are honored by the great lords for their prowess, become more determined to attain this level of prowess." On the lady who sees her knight honored: "All of this makes the noble lady rejoice greatly within herself at the fact that she has set her mind and heart on loving and helping to make such a good knight or good man-at-arms." On the worthiest amusements: "The best pastime of all is to be often in good company, far from unworthy men and from unworthy activities from which no good can come." Enter the real world of knights and their code of ethics and behavior. Read how an aspiring knight of the fourteenth century would conduct himself and learn what he would have needed to know when traveling, fighting, appearing in court, and engaging fellow knights. Composed at the height of the Hundred Years War by Geoffroi de Charny, one of the most respected knights of his age, *A Knight's Own Book of Chivalry* was designed as a guide for members of the Company of the Star, an order created by Jean II of France in 1352 to rival the English Order of the Garter. This is the most authentic and complete manual on the day-to-day life of the knight that has survived the centuries, and this edition contains a specially commissioned introduction from historian Richard W. Kaeuper that gives the history of both the book and its author, who, among his other achievements, was the original owner of the Shroud of Turin.

Translated by Robert Black.

This remarkable collection of poems, meditations, fragments, and journal entries was Mahmoud Darwish's last volume to come out in Arabic. *This River* is at once lyrical and philosophical, questioning and wise, full of irony, resistance, and play. Darwish's musings on unrest and loss dwell on love and humanity; myth and dream are inseparable from truth. Throughout this personal collection, Darwish returns frequently to his ongoing and often lighthearted conversation with death. *A River Dies of Thirst* is a collection of quiet revelations, embracing poetry, life, death, love, and the human condition.

The author of *Openly Straight* returns with an epic road trip involving family history, gay history, the girlfriend our hero can't have, the

I'm the type of girl who's given up on fairy tales. So when Beck - the hot new busboy at work - starts flirting with me, I know better than to get my hopes up. Happily ever afters aren't for the average. I learned that the hard way. But how can I be expected to resist a man who can quote Austen, loves making me laugh, and seems to be everything hot and good in this world? Only there's so much more to him than that. Billionaire playboy? Check. Troubled soul? Check. The owner of my heart, the man I've moved halfway across the country to be with, who's laying the world at my feet in order to convince me to never leave? Check. Check. Check. But nobody does complicated like the one percent. This is not your everyday rags-to-riches, knight-in-shining armor whisking the poor girl off her feet kind of story. No, this is much messier. "Rich Boy takes you on a literal ride! Funny. Angsty. There's mean rich people and people you root for. It's a definite recommend from me! -Tijan, New York Times bestselling author "Rich Boy was witty, exciting and had the most intense slow burn romance I've read in a long time. The complexity of the characters was refreshing and made me wish for more!"-Audrey Carlan, #1 New York Times bestselling author
