EN 71-3: 2013 + A3:
2018 Migration of
certain elements. The
EN 71-3 standard is
designed to assess the

3 Chemical

migration of certain chemicals into the body if a toy or components of a toy were to be swallowed by a child. In the EU, we assess the migration of these elements by immersing the toy in an acid, designed to represent stomach acid, for two hours. After this time, the
