"hot-dipped" with a coating of zinc to improve their weather-resistance. Stainless steel is also used for outdoor applications, though stainless steel nails are considerably more expensive than zinc-plated nails. With pressure-treated lumber, it is essential that you use hot-dipped nails to prevent the corrosion caused by the chemicals used in the lumber.

Understanding Nail Sizes and Basic Types - The Spruce
Steel nails, along with other nails, are primarily used in the Construction skill to make various low-level furniture. They are made with a steel bar on an anvil with a hammer in the player's inventory, requiring level 34 in smithing and receiving 15 steel nails and 37.5 Smithing experience per bar..
