The implementation of a TMS solution is a highly complex and mission critical project. If executed correctly a good TMS can deliver a number of benefits to the organization in terms of optimization, greater efficiency, reduced errors and improved revenue through accurate invoicing. However a number of projects fail to realize these benefits for a host of reasons such as an incorrect product selection, over customization of the system and lack of detailed processes. The evaluation and selection of the right transportation management system is a very critical step in the successful implementation of a TMS product as well as ensuring that the organization is able to realize the benefits expected from the system. Transportation Management with SAP TM 9 is a guide for CIO/CXOs evaluating options for various transportation management solutions available in the market and helps inappropriate decision making before committing investment. A proven evaluation framework and guidance provided in the book can help decision makers with product selection and help to create a business case for management approval and design a future roadmap for the organization. The book provides a comprehensive understanding of what SAP transportation management is and is useful for teams involved in TM Implementation and roll outs to ensure preparedness. The book explains end-to-end freight life cycle processes, functional system landscape, implementation challenges and post go-live precautions required to optimize investments in SAP TM. Transportation Management with SAP TM 9 also acts as a step by step implementation guide with details of configuration required to set up a TM9 system. This book also covers the upgrade of SAP TM8 to SAP TM9 which will be useful for existing clients who are on TM 8. Nonavailability of SAP TM

skilled resources is a major challenge faced by organizations and the book provides a detailed competency building plan along with skill set requirements to create a competent and trained workforce to manage-transformation. The current book available in the market on SAP TM is based on Version 6 release which does not cover air freight processes. Our book covers end-to-end air freight configuration scenarios for logistic companies.

and variables that go into crucial Supply Chain Management (SCM) decision-making. Written for SAP consultants, those interested in a career in SCM-EWM, and SAP customers simply interested in selecting the right solution for their inventory and warehouse needs, this is the first and only reference text you need. Comprehensive, highly detailed, and easy to understand, Rajesh Mendonca and Janet Mascarenhas's debut simplifies the complex by following a highly logical, linear format that explains the processes with the utmost clarity. Included in this groundbreaking text are: tables that simplify the sea of pertinent information; diagrams explaining and connecting configuration objects; step-by-step procedures involved in the configuration process; screenshots that help visualize the system without actually logging into it in order to connect to the practical environment; and live examples examining and providing solutions for warehouse challenges, all of which will guarantee that by referring to this book you will be able to confidently and successfully configure the system on your own. SAP customers as well as consultants who read this book will have a clear understanding of the different solutions available in SAP to manage inventory and be able to make informed decisions regarding most effective solutions for their warehouse needs. Full of extraordinarily precise, detailed analysis, Mendonca and Mascarenhas provide the most exhaustive primer of its kind on the market today. Applicable through every phase of the EWM process with a value far beyond the standard guidebook currently available, *Fundamentals of SCM-EWM: A Step-by-Step Guide* is a must-have for anyone using, consulting on, or contemplating a career in SCM-EWM. You can buy this book and learn EWM by yourself by renting EWM and ECC server or you can take EWM configuration training from us. More details are available in our website www.ewmguru.com
