Handbook of Labor Economics (Volume 4B): 9780444534521 --
"The entries in the Handbook of Labor Economics update, deepen, and broaden the analyses contained in earlier volumes. The first-rate papers here address important problems in labor economics, often from new perspectives. As is the case with Volumes 1-3, many of the papers in volume 4 are "must-reads" and sure to make it onto graduate reading lists."

Recessione r i media. "Labor economics" has continued to expand both in the extent and depth of coverage in recent years. Volume 4 of the Handbook has succeeded in not only updating coverage in many areas, but in synthesizing studies and approaches in ways that contributes importantly to the field. Economists with interests in many areas, ranging from field experiments to gender to early-life human capital investments, will benefit from the excellent chapters in this volume."

Handbook of Labor Economics, Volume 4A & B SET -- Orley --
The Handbook of Labor Economics, Volume 4 will bring together a systematic review of the research topics, empirical findings, and methods that comprise modern labor economics. It will serve as an introduction to what has been done in this field.
