Hertzsprung Russell Diagram  
Worksheets & Teaching ...

The Hertzsprung-Russell diagram, abbreviated as H-R diagram, HR diagram or HRD, is a scatter plot of stars showing the relationship between the stars' absolute magnitudes or luminosities versus their stellar classifications or effective temperatures. More simply, it plots a star's luminosity against its temperature. The diagram was created circa 1910 by Ejnar Hertzsprung and Henry Norris Russell and represents a major step towards an understanding of stellar evolution. The
