models, author

Michael Thorne turns

his attention to the

outstandingly

successful and well-

loved 100 Series of

tractors. Of the 100

range, the most

popular was and

remains the 135. Half

a million 135s were

built at Massey
Ferguson ' s factory
in Coventry alone,

with production
overseas on top of
this figure. Another
big success was the
larger, more powerful
165, with nearly
200,000 sold. This
model, like the 135, is
among the most
popular and sought-
after classic tractors

today, although many 135s and 165s are still in active use around the world, in spite of their age. The 100 range included a great number of other models, and in addition to the 135 and 165, which are given in-depth treatment here, important models described in detail
