La Universidad con perspectiva de género es una obra plural con capítulos escritos por especialistas procedentes de diferentes áreas de conocimiento que buscan analizar, mirar, desafiar y considerar la universidad bajo una perspectiva de género. Nuestra motivación principal es presentar un acercamiento interdisciplinar que revise la presencia de los estudios de género en la universidad, que presente un estudio sobre las humanidades y ciencias con perspectiva de género, que cuestione la presencia (y/o ausencia) de las mujeres en los libros y manuales universitarios y que evalúe la presencia de las mujeres en los contenidos de las asignaturas de titulaciones universitarias. Confiamos en que la presente obra pueda constituir un paso importante para dar visibilidad a la perspectiva de género dentro del entramado diverso mundo universitario con el objetivo de hacer de sus estructuras un lugar más dialogante, plural e igualitario.

Series covers individuals ranging from established award winners to authors and illustrators who are just beginning their careers. Entries cover: personal life, career, writings and works in progress, adaptations, additiional sources, and photographs.
