Leonardo da Vinci is undoubtedly one of the greatest figures in the field of art, mathematics and engineering. A true genius, this inventor and artist lived from 1452 to 1519 and was the originator of many advances in maths technology, some well before their time. We owe him the notion of perspective, a fundamental concept in artistic representation. The Vitruvian Man (originally drawn by the ...

September 2008 Modern technology has changed many things in our lives, including the way we communicate, travel and entertain ourselves. Electronic instruments and computer simulations have revolutionised science. Mathematics, one of the purest forms of human logic and reasoning, has also been changed by computer approaches. Even art has been undergoing a deep upheaval in the
