Spain, China and Japan in Manila, 1571-1644 offers a new perspective on the connected histories of Spain, China, and Japan as they emerged and developed following Manila's foundation as the capital of the Spanish Philippines in 1571.

Examining a wealth of multilingual primary sources, Birgit Tremml-Werner shows that cross-cultural encounters not only shaped Manila's development as a "Eurasian" port city, but also had profound political, economic, and social ramifications for the three pre-modern states. Combining a

the psyche's most obscure alleyways, Elvira Navarro here gives us a novel of feminine friendship, potent sexuality, madness, and the vulnerability that makes us reveal our most shameful secrets. It begins as Elena transcribes the ravings of her roommate Susana, acting as part-therapist, part-confessor while this odd woman recounts the shocking tale of her gay dwarf boyfriend, the only person who will fulfill her singular sexual appetites. But is she telling the truth? And what to make of Elena's strange account of her difficult relationship with Susana, one that blends her ambitions as a writer with her deep need for catharsis? And in one final surprise, *A Working Woman* concludes with a curious epilogue that makes us question everything we have just read. With her penchant for finding the

by Graham Good. Goethe's poetry has delighted readers around the world for over two centuries, but for English readers there is clearly a need for a new contemporary translation. In an age which prizes both individual self-development and cultural diversity, one looks to Goethe (1749-1832) as the first writer to show how these two values can be combined. Goethe was a global thinker, learning from the lyric poetry of countries such as Persia and China, and coining the term "world literature" (Weltliteratur). His poetry encompasses a wide variety of themes, from love and creativity to nature and religion. For Goethe, life is a process with no final answers: "All meaning is only asking." This selection of Goethe's poetry aims to represent its formal and thematic variety in verse translations which follow the formal
