Ferrus Manus, primarch of the Iron Hands, employs his brutal methods of war to bring a world to heel in the Emperor's name. The Great Crusade has swept across half the galaxy, a million human worlds now embracing the truth and reason that comes with allegiance to the rule of Terra. But even such unparalleled success comes at a cost. Rumours abound that the Emperor plans to step back from the Crusade and raise one of his primarch sons to lead in his stead. Faced with the bitterly non-compliant human empire of Gardinaal and a leaderless host of Ultramarines, Thousand Sons and Emperor's Children at his Legion's command, the Iron Hands primarch Ferrus Manus decides to make an example that even the Emperor cannot ignore.

Created in the Emperor's own image, the primarchs had long thought themselves to be princes of the universe and masters of their own destiny—they led the Space Marine Legions in glorious conquest of the galaxy, and no enemy of the Imperium could stand against them. However, even amongst this legendary brotherhood, the seeds of dissent has been sown long before the treacherous Warmaster Horus declared his grand heresy. Gathered within this anthology are four novellas focusing on some of the mightiest warriors and leaders that mankind has ever known--Fulgrim, Ferrus Manus, Lion ElJonson and the twin primarchs Alpharius and Omegon--and the roles that they may have yet to play in war which threatens to change the face of the Imperium forever.

However, even amongst this legendary brotherhood, the seeds of dissent had been sown long before the treacherous Warmaster Horus declared his grand heresy. The sixth title in The Horus Heresy: Primarchs series, focusing on Fulgrim, primarch of the Emperor's Children Legion. Lord of Chemos and bearer of the Palatine Aquila, Fulgrim, primarch of the Emperor's Children, is determined to take his rightful place in the Great Crusade, whatever the cost. A swordsman without equal, the Phoenician has long studied the art of war and grows impatient to put his skills, and those of his loyal followers, to a true test. Now, accompanied by only seven of his finest warriors, he seeks to bring a rebellious world into compliance, by any means necessary. But Fulgrim soon learns that no victory come without cost, and the greater the triumph, the greater the price one must pay...

As the Emperor marshals his armies to reclaim the galaxy for the glory of mankind, one by one his Space Marine Legions are reunited with their missing primarchs. The XVIII Legion are still waiting to find their true identity, unaware their own lord has been found. In the Taras Division, legionaries face annihilation as they take a last, desperate stand against a monstrous ork invasion. Meanwhile, on Nocturne, Vulkan has raised and trained a new force of warriors. Now it is the time for him to lead his sons into battle. Now it is the time for him to truly don the mantle of primarch, not only to save one half of his Legion, but forge a new, indivisible whole.

As the Great Crusade burns across the stars, the primarch of the White Scars, Jaghatai Khan, must decide where his true allegiance lies. Ever since the Imperium's rediscovery of the world of Chogoris, the White Scars' culture of warrior mysticism has sat uneasily with the ideals of Unity. As the Great Crusade burns across the stars, their enigmatic primarch Jaghatai Khan fights to preserve his Legion's distinctiveness amid a galaxy where cold rationality holds sway. Despite his self-imposed isolation, others in the brotherhood of primarchs seek to draw him into the greatest ideological battle of them all: the place of psychic power within the Legions. As the Librarian project is born, and opposition to it grows, the Khan must decide where his greatest allegiance lies – to the Imperial Truth, or to his own heritage.

The fifth title in The Horus Heresy: Primarchs series, delving into the story of Lorgar, primarch of the Word Bearers Legion and the first of the Emperor's sons to fall to Chaos. Most devoted of all the primarchs, it was Lorgar who first fell to the lure of Chaos. Once known as Aurelian, this golden son of the Emperor of Mankind found himself an outcast because he worshipped his father as a god. Humbled before the ruins of Monarchia, chastened and brought low, Lorgar yearned for deeper meaning. He found it in the power of Ruin and thus began the descent into heresy. His fate had not always been so. On Colchis, his adopted birth world, Lorgar was not always the zealot, though his path would be nurtured by one: the priest Kor Phaeron.

Book fifteen in the New York Times bestselling series The Emperor is enraged. Primarch Magnus the Red, of the Thousand Sons Legion, has made a catastrophic mistake and endangered the safety of Terra. With no other choice, the Emperor charges Leman Russ, Primarch of the Space Wolves, with the apprehension of his brother from the Thousand Sons' home world of Prospero. This planet of sorcerers will not be easy to overcome, but Russ and his Space Wolves are not easily deterred. With wrath in his heart, Russ is determined to bring Magnus to justice and the events that decide the fate of Prospero are set in motion.

In the wake of the Dropsite Massacre at Isstvan V, the survivors of the Salamanders Legion searched long and hard for their fallen primarch, but to no avail. Little did they know that while Vulkan might have wished himself dead, he lives still. As the war continues without him, all eyes turn to Ultramar and Guilliman's new empire there, and Vulkan's sons are drawn into an insidious plot to end the Heresy by the most underhand means imaginable.
