A note on the cover image: The cover of The Art and Science of C showed a picture of Patience, one of the two stone lions that guard the entrance to the New York Public Library.

Addison-Wesley and I chose that image both to emphasize the library-based approach adopted by the text and because patience is an essential skill in programming.

The Art and Science of Grazing will allow farmers to gain a solid understanding of the key principles of grazing management so they can both design and manage successful grazing systems. The book's unique approach presents information first from the perspective of pasture plants, and then from the livestock perspective—helping farmers understand both plant and animal needs before setting up a grazing system.
