The Cigarette Century: The Rise, Fall, and Deadly

I very much hope that this site will serve to generate a vigorous debate about issues concerning the history, culture, and politics of cigarette use in the United States and around the globe. I wrote The Cigarette Century to trace the remarkable rise and dramatic decline of cigarette consumption in the United States. Once a popular and prominent behavior, smoking has, as we have seen, become a marginalized and often stigmatized practice.

The Cigarette Century

The 19th century, known for its industrial development and numerous discoveries, created the first ever cigarette. Shortly after the James Buchanan's revelation—the person, known to the public as “Duke,” a new way of life was being imposed. His creation produced a boom on American soil.

The Cigarette Century: PDF Summary—Allan M. Brandt—

The "century" it explores ranges from about 1880 to 2005—from the invention of the Bonsack cigarette rolling machine, sponsored by the founder of American Tobacco, to the collapse of United States v. Philip Morris, started during the hapless Clinton administration but squashed by the corrupt Walker Bush administration.

The Cigarette Century: The Rise, Fall, and Deadly

Courtesy of its snappy title, the book is billed as being about the one-hundred year rise, fall, and persistence of the cigarette, yet it gives the greater part of its attention to struggles over tobacco smoking since the landmark 1964 Surgeon General's Report. Just over a fifth concerns the years before 1945.

Allan M. Brandt: The Cigarette Century: The Rise, Fall

riality.The cigarette fundamentally demonstrates the historical interplay of culture, biology, and disease. As we now know, the rise of the cigarette was sustained not only by convention and personal psychology, but by the pow-erfully addictive properties of the nicotine in tobacco.The Camel Man was the ultimate chain-smoker.
