Chapter 3 Standardised credit risk - FCA Handbook

This chapter explains credit risk and the major families of transactions that generate credit risk for industrial companies and financial institutions. Credit risk is the possibility of losing money due to the inability, unwillingness, or nontimeliness of a counterparty to honor a financial obligation. Thus, whenever there is a chance that counterparty will not pay an amount of money owed, live up to a financial commitment, or honor a claim, there is credit risk.
