~~Intercultural Communication: Definition, Model ...~~

Intercultural communication is the study and application of knowledge on “cultural perceptions and symbol systems” of people belonging to different cultures. The intended meaning of any message differs when encoded by a person of a certain culture and decoded by someone of the other.

~~Intercultural Communication—Businessstopia~~

The theories of communication networks explain intercultural communication to be a pattern of contact that is created by the flow of messages between various communicators. These theories argue that for cross-cultural communication to take place, the concept of the message has to be understood by all parties in the communication network.
