 What is a bond? A bond is simply a promise to repay money, with interest, in the future. While equities represent ownership shares in a corporation, a bond is an IOU that obligates the issuer of the bond to pay the investor a specified sum of money at regular intervals and to repay the face value of the bond at a given future date.

[Bonds 101 - The Balance](#)
 Investing in bonds is often misunderstood by many investors. Bond investors are loaning the bond issuer money for a fixed period of time and in return expect to receive the face value of the bond upon maturity and period interest payments. Just as with individual stocks, many investors may be better off investing in bond mutual funds and ETFs.
